**Celebrating Outstanding Progress**

## **The Radcliffe School Awards Evening**

# Headteacher's update ...

The last day of the school year is finally upon us and what a busy year. The last few weeks of this term have been especially full with so many different and varied events.

The school's Sport's Day, really kicked off the events for us. So many students took part in activities and supported others so positively. There is always a real sense of teamwork throughout the day which is evident from the cheering on from each of the Houses, but also in the great sportsmanship demonstrated by all competitors. What really encapsulated the superb ethos of our students for me when, during one of the sprint races, a student tripped and fell in front of another student. Instead of running on, the student stopped and helped the other competitor up so they could both finish the race. Congratulations to all of our competitors and winners who will be receiving their medals this afternoon.

The Year 6 Transition days and parent's evening were such a positive experience for everyone. The Year 6s came into school full of enthusiasm and everyone took a full part in all of the activities. The staff team are very much looking forward to seeing them in September.

There have been so many opportunities this term to be involved in different activities including the language lessons a number of our students have planned and delivered. Staff, students and I very much enjoyed learning Russian, Polish, Urdu, Hungarian and Romanian each week led by our excellent student tutors. Getting involved was certainly the theme of the GIV Project (Get Involved – Volunteering) where our 6<sup>th</sup> Form and Year 9 students took part in a variety of activities and community projects, many of which are included in this newsletter.

There have been many trips and visits throughout this term both local and more further afield. From Duxford to Germany to South Africa and eSwatini, our students will treasure these memories for many years to come.

Meanwhile back in school, Radfactor was a very special event organised by our Year 10 Music group who brought together a vast array of talent in an incredibly entertaining evening. Every act gave a polished performance and I found it difficult to pick between them all. Congratulations to our winners and I look forward to watching how they develop their talents in the years to come.

Immersion day, yesterday provided the students with unique opportunities to experience a range of activities which promote key learning skills such as resilience, teamwork, deduction and mindfulness. As ever, the entire staff planned imaginative and exciting activities which captured the imaginations of all of the students taking part. The whole day was full of exciting learning experiences including a murder mystery, circus skills, Yoga and mindfulness training, golf football, first aid training, problem solving races, trips to Salcey Forrest and human table football, to name but a few! Photos from some of these events are on the school's Facebook page.

One of our favourite evenings of the school year is our Awards Ceremony which celebrates the outstanding work and efforts of so many students throughout the year. We are all so proud of our students, it is always fantastic to hear from their teachers why each student has been awarded their trophy. Congratulations to the 229 winners from Year 7 to 13.

The last event of the year is the presentation of the House Trophies, a culmination of all of the efforts and contribution of each student for each House. Points are awarded throughout the year for attendance, punctuality, attitudes to learning and House competitions and trophies for each are awarded to the House. I particularly enjoy how suddenly competitive the Heads of House become on the last day of the school year as they try to anticipate what their House might win this year. This has always been a very closely guarded secret until the big reveal this afternoon. Well done to each House and particularly the winning House.

This time of year is always a little sad as we say farewell to staff who are moving on or retiring, but it is also a time to celebrate the contributions each has made to the school. This is especially true of our Librarian, Sheila Beales who has been part of The Radcliffe family since 1992. We all wish her well in her retirement and thank her for everything she has brought to the school over the years.

Finally, I would like to take this opportunity to thank all of our parents for the support you give throughout the year. I hope you all have a great and safe summer and I look forward to seeing everyone refreshed and ready for another exciting year in September.

**Mrs Lawson**

Safer Schools Partnership  
Milton Keynes Police Station  
Witan Gate East  
Central Milton Keynes  
MK9 2DS

Dear Parent/Guardian,

Here in Milton Keynes all our Secondary Schools and Academies are supported by specialist officers who work in partnership with them. The responsibilities of these officers are wide-ranging, but our aim is to educate young people and keep them out of the Criminal Justice System.

Research about the types of crime reported from school premises during school time, and the way in which it is reported has shown inconsistency. Thames Valley Police has embraced HM Government's Safer Schools Policy. In practice the expectation is that minor incidents that occur **during the school day on school premises** are dealt with by the school in the first instance. In the event that the school believe that further action is necessary, the Schools Officer is the appropriate resource to review and deal.

Unfortunately we are finding that students are regularly contacting their parents about incidents without giving the school the opportunity to investigate before calling police. Although we understand parents' concerns, we ask that parents communicate with the school first. Schools will report serious matters to police directly, but in most cases these matters can be dealt with by the Schools Officers, and we ask for your assistance. You can make contact with the Schools Officers direct on the non-emergency number 101.

Thank you for your cooperation in this matter.

PC 4647 Steve HORSPOOL/ PC 4102 Sue FURBER

Safer Schools Partnership Officers.

# English

In their English lessons, 7En1 have been investigating ocean pollution and the devastating impact that the use of plastic items can have on the environment.

Using the Non-Fiction skills they have focussed on this term, the class have created factual campaigns to help raise awareness of the damage caused by plastic use and to encourage the school to reduce its plastic footprint.

On Friday 25<sup>th</sup> May the whole class presented their campaigns on the school stage to a very impressed audience!

# Lest we forget...

## Honouring the memory of Albert French

(1900-1916)

On Friday 15th June, a memorial service was held at the Wolverton War Memorial, in Wolverton Square, for Albert French, a young soldier who fought and died in the First World War. A group of nine students, from the English department, attended the ceremony to pay their respects by reading commemorative poetry and moving extracts from Albert's letters.

Albert was 16 years of age when he was killed on 15th June 1916. He was serving with the 18th Battalion, Kings Royal Rifle Corps.

Photos by Mr Barby

*They shall grow not old, as we that are left grow old:  
Age shall not weary them, nor the years condemn.  
At the going down of the sun and in the morning  
We will remember them.*

12FM	David Roder
13Core	Ellie Johnston
13FM	Nathaniel Hill

## Careers Information Advice and Guidance

**RAILSERVICES**  
always on track

To celebrate International Women in Engineering Day, we took five female students to a special 'women only' event, at Knorr-Bremse in Wolverton.

The girls received presentations by women engineers and apprentices, they took part in an array of activities and also received a tour of the site. They also received a delicious lunch. It was a great opportunity to find out more about the opportunities for women in engineering and for our students to be able to feed that back in school.

Year 12's visited the UCAS fair at Bedfordshire university in order to meet with a huge number of universities and apprenticeship providers. There were seminars and lectures, live music and a real festival feel to the whole day. Glorious sunshine topped off the day and students returned to school loaded with prospectuses and freebies! Student feedback was very positive and has helped them start their research on which universities they may want to make their applications to next term.

We are pleased to have received nearly £300 of careers guidance books for our library. The books were kindly donated by <https://www.how2become.com> and cover a range of careers from MI5 to beauty therapists. Students can find the books in the careers section of the library.

We were delighted to meet the potential new year 12's at induction last week. Mrs Cain gave a talk on what other things you can do to make your CV and personal statements stand out, entitled "What have you done to make you feel proud?"

**Mrs Cain will be available on A level results day (16<sup>th</sup> August) and GCSE results day (23<sup>rd</sup> August) for guidance and advice.**

## World Challenge 2018

A group of 10 6<sup>th</sup> formers went to South Africa and the Kingdom of eSwatini for 2 weeks. As a group we completed the floor of a new community centre (poured concrete by hand), mixed lots of cement using only spades and laid 3 rows of breeze blocks, 3 door frames and helped calculate where the windows would go in the next phase (well done Nathaniel). You can see the difference from the before and after photo's. We also had the opportunity to play games/teach children who were at the Care Point and they were happy to teach us some of their very sassy songs which included the boys pretending to get married and a dance off between the girls. Many of the under 3's walk on their own over 6km a day to get a meal before they return home. The year 13 girls did a great job cooking a variety of things on a barrel BBQ.

When we left the NCP we went straight over the boarder to Kruger National Park and saw lots of animals (including 4 of the big 5). The boys cooked burgers, risotto and a cooked breakfast over the next few days. The night Safari was worth paying the extra £15 and we saw lions so close we could have touched them.

The last leg of our trip was back to the Kingdom of eSwatini and the Malolotja Nature Reserve to complete a zip wire and a trek of epic proportions. The management were so nice and kept the restaurant open so we could watch the England Game on the first night.

The year 12 girls had the hardest time cooking on open fires but they rose to the challenge. The trek went well and included mountain hikes, river crossings and sleeping out under the stars. The Radcliffe claim to fame was that the group completed the whole trek in the least amount of time which included a 24km hike on the last day back to camp!

Julie Palmer and I were thankful for a group of wonderful students who flourished in the adverse conditions. They kept us laughing with their humour and crying with their generosity towards those who struggle to find food for the day.

Claire Sexsmith & Julie Palmer

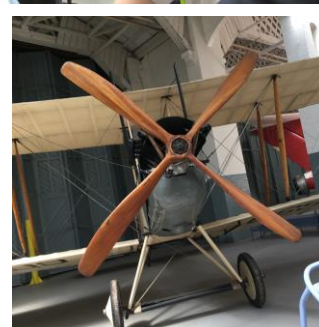

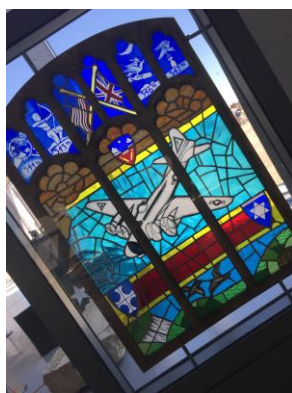

## Humanities

This term has been extremely busy for the humanities department, running several trips in a very short space of time!

First of all we took 100 students from years 8-10 to the Globe theatre which was both incredibly insightful for those studying History and English at GCSE but was a great deal of fun, especially when the students got to take part in acting sessions with professional Shakespearian actors in the afternoon.

Next up was the Duxford trip where another 100 year 8s were selected for their hard work and dedication to the subject to enjoy a day in the sun watching Spitfires perform aerial manoeuvres. When on this trip we had also run a small photography competition and I am delighted to say that the entrants were so fantastic I could not just choose one winner. May I say a big congratulations to Arna Shelton and Daisy May Lugg for their winning photographs, which truly captured the essence of the Imperial war museum. While there students were also lucky enough to have a talk from a survivor of the Blitz, who talked them through his experiences of the Battle of Britain.

Finally we took 7 students to the Sir Herbert Leon school for the annual Genocide memorial day, where students listened to a survivor of the Holocaust speak, they even got a private interview with him after the speech to ask questions about his personal experiences as Polish refugee on the Kindertransport program. Students also heard from award winning BBC correspondent Jon Silverman and Bosnian genocide survivor Lejla Damon.

The students in all of these trips conducted themselves with pride and great respect and represented the Radcliffe school exceptionally well.

Mr T Baker

## Geography

Last week year 10 Geographers completed their local fieldwork trip around Wolverton to investigate how quality of life varies across the town. This completes a busy year as the 6<sup>th</sup> form have visited Clacton On Sea, Milton Keynes and Birmingham, year 11 completed two local fieldtrips and year 11 had the opportunity to work with a consultant from the Geographical Association in order to prepare them for their exams.

## Sports News

### Greenleys First School Sports Day

On Wednesday 6 June, our Year 9 and Year 10 Sports Leaders attended Greenleys First School to help out with their Sports Day. We are very proud to have received the following comments from Mrs Harrington, the Headteacher:

*'I want to thank you for letting your Radcliffe Sports' Leaders attend our Sport morning yesterday. They were absolutely brilliant. We could not have run the event without them helping the teams and scoring for us. They were all polite, helpful and a credit to your school.'*

Well done to everyone involved.

# Modern Foreign Languages

## Languages Young Leaders

Congratulations to the following students who have achieved their Languages Young Leaders Award with Mrs Barr this year. Recently, students went into local primary schools to deliver Languages sessions to small groups of year 5 and 6, receiving fantastic feedback from both staff and students. Well done!

German: Lily Thomas, Magda Gawlik, Ben Mirfin, Archie Davies, Jessica Mould, Oliver Williams, Abigail Barnett

French: Francesca Stratford, Alice Bellamy, Josh Watcham, Tharuja Chandrakumar

## Wilkommen in den Zoo!

Mrs Stapley-Jones' year 7s created a 'Zoo' in the classroom to learn new animal words and write a short description paragraph. They did a wonderful job creating masks of their wild 'Tiere', as you can see here!

## Linguists of the Half Term

Congratulations to the following students, who have shown exceptional progress and effort in their Languages lessons:

KS3 French – Kelsey London

KS4 French – Kasia Waller

KS3 German – Mac Fulton

KS4 German – Jessica Mould

## German Trip – 4<sup>th</sup> - 8<sup>th</sup> June

44 students set off on a week-long adventure to Cologne, Germany in June. We had fabulous weather to visit the zoo, chocolate museum (a big hit), sports museum and the world-famous cathedral, as well as have a relaxing boat trip down the Rhine river. As always, Phantasialand was a popular trip. The students were all impeccably behaved and certainly did the school proud.

Thank you to Mr Partington, Mr Dart, Mr O'Donnell and Mrs Randolph who accompanied Mrs Stapley-Jones on the trip.

# Summer Python Challenge

If you find yourself bored over the summer, please feel free to save the Universe!

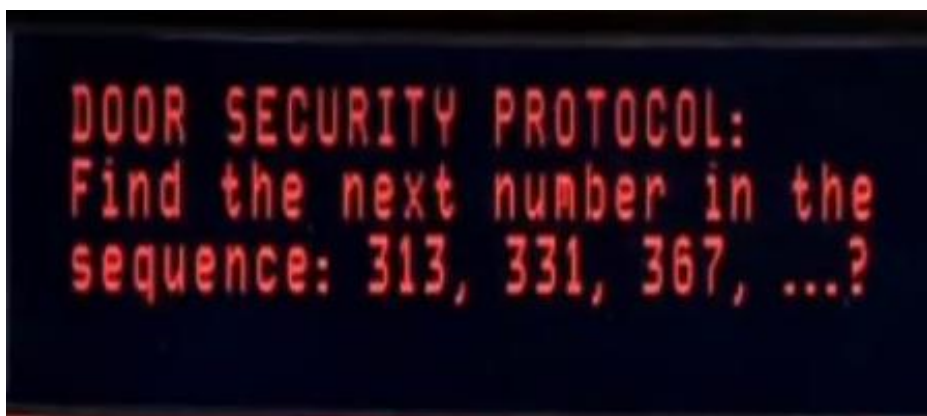

Watch the Doctor Who clip

<https://www.youtube.com/watch?v=ee2lf8jSxUo>

In the clip there is a need to find the next number in the sequence.

The doctor of course solves the problem explaining that this is the sequence of **Happy Primes**.

Can you use your Python skills to find all the **Happy Primes** up to 1000 and perhaps save the Universe?

19 is **Happy**, as the process below ends with 1:

$$1^2 + 9^2 = 82$$

$$8^2 + 2^2 = 68$$

$$6^2 + 8^2 = 100$$

$$1^2 + 0^2 + 0^2 = 1.$$

**Prime** numbers are positive integers divisible only by themselves and one. ( 2, 3, 5, 7, .... )

**Happy Primes**, of course, are **Prime** numbers that are also **Happy**!

# What the Radcliffe means to me!

How many people can say they have left the Radcliffe twice?

But for me it's been two very different experiences.

I first left in 1973 a young excited 16 year old off to the world of Libraries. My first job found me in Wolverton library, very close to where I lived, which made my mum very happy as I could go home for my dinner.

Although not an avid reader, in fact not a reader at all, I soon loved the world of public libraries, the variety of people, the services offered not just to help choose books, but the social pastoral role of supporting in other ways. 1973 was pre internet, if you had a question or needed to know something the Library was the place to go and find it out.

I soon developed my love of reading and my quest for knowledge, something I maintain today.

I spent 10 happy years serving the reading public of Wolverton.

Finding myself looking for work after having my children. What could be better than an opportunity at the Radcliffe school when they "wanted to appoint staff to assist the work of The Radcliffe school library service". A need to be familiar with a computer was needed but no other qualifications. Remember, in 1992 computers were few and far between and very different from the computers we all love today.

I had the knowledge, the passion and I got the job. I really never looked back. My public library experiences fell into place with the school library and to this day I like to think of the Library as a public library for the school. We never close! Over the years I have increased the book stock and moved the complete library 3 times. When first employed I was based in Orchard Hall, somewhere I remember with very fond memories.

Over the years I have worked with some fabulous people, some have remained lifelong friends and some are no longer with us but ever in our memory.

I've helped naughty, studious, exciting, difficult students and I will remember them too. I hope I've made a difference during my time, with my passion for reading and knowledge and as I tell the students, that random piece of information may be useful one day, even if it's in a pub quiz.

So I leave the school for the second time. The school is moving into a new chapter of it's biography and so am I. Who would have thought the Radcliffe school would have had such an impact on my life. I will remember it fondly as a huge part of my life.

I wish everyone well - past present, and future, both staff and students

And don't forget, keep reading it really does make a difference.

Sheila Beales  
Librarian

# ***RAD FACTOR***

Ten acts stormed the stage last Tuesday 10<sup>th</sup> July by showcasing their varied talents in front of over 150 audience members for this year's 'Radfactor'. Guest teacher judges Claire Jones, Stephen Dart and Lorna Jones carefully decided the final top three and announced the lucky winner in the climax of the evening.

1<sup>st</sup> place

Jack Mawson  
Magician

2<sup>nd</sup> place

Raph Frost, Matt Harknett, Silas Frost and Archie Davies  
Band - 'The Salters'

3<sup>rd</sup> place

Aiden Green  
Drummer

Many thanks to all that supported the competition and well done to the year 10 BTEC music group who organised and led auditions for the concert.

## Rock School Performances

On Monday 9<sup>th</sup> July, Mrs Tumilty and I went to The Craufurd Arms to watch the Milton Keynes Rock School performances.

We were absolutely blown away by the incredible talent and star-struck to see so many Radcliffe School students on the stage performing on a range of instruments from electric and bass guitars, to drums and vocals!

It was a fantastic opportunity to see hard work, passion and enthusiasm that many of our students put into their interests outside of school.

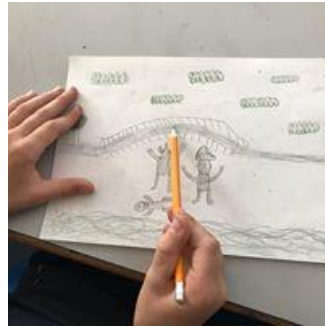

Congratulations to the superstars involved including Ella Coffey, Archie Davies, Sam Coffey, Silas Frost, Raph Frost, Theo Blakeston, Ted Jakeman. Keep rocking!

Miss K Rooney

# Immersion Day – 19 July 2018

## Get Involved – Volunteering

We are delighted that our students have taken part in the Get Involved - Volunteering (GIV) programme this year.

GIV is a small charity which helps 11-14 year olds discover the fun and benefits of volunteering. GIV helped to train a group of 5 sixth form mentors who have supported 5 Year 8 students to get involved in structured volunteering.

The GIV programme has helped improve the skills, confidence and motivation of students – as well as delivering real benefits to the community.

Our students learned how to work as a team in a treasure hunt at Great Linford and at the Caldecotte project.

The teams then planted some flower pots donated to us by Bunnings – we worked together to do the planting and water them every day (even in the heatwave!) so that they could be sold to staff to fund our community projects.

Our main community project was at Wolverton Community Orchard where we worked with local volunteers to repaint the dragon which had been designed and made by Radcliffe students many years ago. It was great to rekindle our relationship with the Orchard and give something back to our local community.

And finally we worked with adults with learning difficulties who are the residents of the Camphill Community in Willen.

We worked in the kitchen and in craft workshops to build relationships and skills with the residents.

The programme finished with a celebration in the theatre at Camphill where we (and the other schools taking part) gave a presentation to parents, teachers, sponsors, local community representatives including the guest of honour, the Deputy Mayor of Milton Keynes about all of the activities in the programme. The afternoon ended with a dance and drama production which students had been working on in school with a visiting dance and drama teacher.

We were so proud of the way our students represented themselves and the school throughout the entire programme. Our sixth form mentors were fantastic role models and worked really well with our students, students from other schools and community volunteers. Our year 8 students were enthusiastic about every challenge and showed great resilience and commitment to all of the activities. Our thanks go to Debbie Greaves (GIV) for introducing us to the programme and of course to Mrs Cameron who accompanied the students on the all of the activities.

# Another successful year for Allsorts Club

This year students have had the opportunity to experiment with a variety of skills each week, which are held one hour after school every Wednesdays. The club helps raise their confidence and build social skills to support everyday school life. These are planned around the calendar and we are therefore able to provide cross curricular links with cultures and religious festivals as well. By taking part in activities like arts and crafts, team building, educational trips, cooking and sports day stalls students are encouraged to take a more active role in school. They also bring in their own ideas and develop their demonstration skills, delivering sessions at times. While the students enjoy the club, they select their favourite song and it is played by the DJ for the day. The group individuals are assigned to duties and responsibilities each week

The club is self sufficient with students this year having raised a total of £433.38 through cake and refreshment sales on sports day. Member then took part in a vote on some of the funds to put towards a visit to Wicksteed Park . The trip was to celebrate the hard work from all participants and to reflect how far they have come in their personal confidence and ability to work as part of team. We are very proud of how well they have managed this year and the new friendships they have made to last during their time as member of the Radcliffe School community.

# Cowper News

The Summer Term is coming to an end and "WOW" have we performed well. Again, Cowper House has consistently performed extremely well over the past 7 weeks and I would personally like to thank all students for their efforts. In particular I would like to congratulate the 103 students selected for our rewards afternoon. Fun was had by all and even some staff braved the inflatables. On the 12<sup>th</sup> July the school held their Annual Awards Ceremony and it was a proud moment witnessing 44 our students excel in areas across the curriculum. Congratulations to all students who received awards for their hard work and effort. A special mention goes out to our "Pride" students for taking part in "School of Rock", we have some serious talent in our house. Congratulations to Ellie Gale for winning the "Future Cheer" International Competition held in Bournemouth, we are extremely proud of you. Finally, I would like to wish you all well for the summer holidays. Take care.

# Hayes News

**A word from Hayes Head of House, Mr Lee:**...and breath! – we have made it! Through the hot weather the students have continued in their efforts in the classroom and on the field with an exceptional sports day where Hayes students excelled themselves in all areas. I would like to take this opportunity to thank Miss Thompson for all her hard work this year in working with our students ensuring our high standards are achieved! Please can I wish you all a long, healthy and safe summer ready to start again in September!

## THANK YOU YEAR

What a fantastic year! Hayes house have delivered and I wanted to take this opportunity to thank you the parents, students and staff for all the support that our house has received this year. The students have truly benefitted from all your efforts and it has been fully appreciated.

Standing on the stage last week watching the sheer number of Hayes house students being recognised by the staff for their hard work and progress in their lessons is a true testament to how hard they have worked and well they have done!

I look forward to the final assembly to see if as a house we have been able to improve on last years performance as a house and knock Cowper house of their pedestal for a long time!

## Head Boy and Head Girl.

*Head boy – **Joe Smith**, Head Girl - **Katie Thompson***

We are very humbled to be taking on the role of Head Boy and Head Girl for this coming academic year. We would firstly like to show our gratitude to the former Head Boy/Girl team for the amazing work and contributions they've made to the house, which have been reflected throughout the past year. We aim to follow in their footsteps and continue to further strengthen Hayes House.

Our main goal is to reinforce our **House community**. Whether it be individually or in team spirit, we would like to bring our house together by inspiring Hayes students to **participate in competitions, always try their hardest and maintain a positive attitude** throughout every aspect of their school life. Giving students a positive environment to be around, will substantially improve their education and personal growth, and will help students flourish and grow into themselves.

Thank you for a great year, let's make next year better than ever!

# Lee News

**A word from Lee Head of House, Miss Girt:** " So another academic year has flown past and has been yet another busy one! The year 11's who have now left us did a fantastic job of representing themselves and the school through the exam period and I look forward to results day in August where they will be very successful! The upcoming year 7's had a brilliant transition period with us and I am looking forward to them joining the House and adding to the already rich cohort of students we have within LEE.

May I take this opportunity to thank the form tutors and students in LEE House for another amazing year and look forward to 2018/19 where we aim to win many trophies and competitions as well as having another year of a tight knit family community. Have a wonderful rest over the Summer and come back in September refreshed and ready to go!"

## Head Team

As your new Head team for September, we are looking forward to collaborating with the members of both our House, and the other House teams, as we have many new ideas that we would like to put forward to make the House system even better than it currently is!

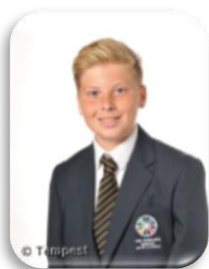

Well done for a fantastic year, we are looking forward to coming back in September to welcome the new year 7's.

Stay safe and have a fabulous Summer!

# McConnell News

## A word from Head of McConnell House, Mr Partington:

I cannot believe we are already at the end of this academic year, but what a year it has been for McConnell house! Our students have put in an incredible amount of effort into their studies this year, and I cannot wait to see the achievements that these efforts will bring to you all. No matter what the outcome in the end of year house trophy presentations, I am proud of the efforts that you have all put in, so thank you. Also, from a personal point of view, it was so pleasing to see so many of our students giving everything they had towards our house's effort on sports day. It filled myself and Mrs Randolph with a tremendous amount of pride, and some of the performances were absolutely outstanding.

I would like to finish by wishing students, parents and staff of the Radcliffe School a restful summer, we look forward to seeing you in September!

**Congratulations to all McConnell house students who won awards at our school's Rewards Evening. How wonderful it was to see so many students being recognized for their efforts, and the level of support shown from families was also very touching.**

**In addition, I would like to extend my congratulations to McConnell house's own Jack Mawson, for winning the recent Rad Factor talent show. Jack's magical talents are truly awe-inspiring and he has a huge future ahead of him!**
